

Study program: Modern Business Management			
Subject name: EU environment			
Lecturer: Nina Maksimović Sekulić, Ph.D. (nina.maksimovic@mbs.edu.rs)			
Subject status: Selective			
ECTS: 8			
Prerequisites: -			
Subject objectives The subject offers students' knowledge about the history of the EU and its basic institutions. Students will learn what business politics is applied in the EU, how EU impacts the development of rural areas, what are the attitudes of the leading EU institutions connected with industrial, common agricultural and regional politics. The aim is to be introduced with historical and institutional concept of European economic environment, modern analysis of the European integration, macroeconomic units, and common politics of strategic development.			
Subject outcomes After successful passing the course, students will learn about the basic knowledge and facts, principles and processes connected with the EU. Students will be able to practically apply the acquired knowledge in the analysis of the basic macroeconomic indicators in the EU. In that way, they will learn about the commercial, industrial, regional, agricultural and other politics in the EU that have significant implications on our country, too.
